RELATIONSHIPS AND SEX EDUCATION

APPLIES TO THE WHOLE SCHOOL

Relationships Education

This policy covers our approach to Relationships Education; a statutory component of the PSHE and Citizenship curriculum from September 2020. It aims to set out the purpose of Relationships Education and the intended outcomes for pupils, what is covered in our curriculum and how it is delivered.

We define Relationships Education as learning about the many strands of relationships and growing up. In our experience, young people most desire to learn about (and have modelled for them) good, healthy relationships. They want to learn how to secure, develop and sustain healthy relationships and how to be able to recognise when and how relationships go wrong. They must be prepared for the opportunities, challenges and responsibilities of being in relationship with other people. Relationships education and RSE must give pupils the understanding, vocabulary and strategies they require to keep themselves safe and to thrive within good, stable long-term relationships of all kinds. RSE should give pupils accurate information to equip them for life in the modern world and to make sure they are not influenced by unrealistic dangerous materials.

Purpose and Principles

At our school, we believe in providing every pupil with open, honest, accurate and age-appropriate lessons all about relationships. Through the school's ethos and values, we aim to develop children's knowledge, skills, opinions, strategies and confidence - enabling them to cope with life and live safely and happily in the modern world. As a Christian school, we believe RSE is about the emotional, social and physical aspects of growing up, healthy relationships, sex, human sexuality and sexual health. It is also about the spiritual and moral aspects of relationships within a context of a Christian vision for the purpose of life.

We highly value the partnership between school and home and will promote open and informative two-way communication. We aim to provide parents and carers with accurate information about what their child is learning in school and to provide the best learning environment and opportunities for our children.

Our Relationships Education curriculum is inclusive and meets the needs of all children, including those with special educational needs or disabilities (SEND). We also aim to promote gender equality and represent the LGBT+ community through our Relationships curriculum.

Through our comprehensive Relationships Education provision, we aim to provide all pupils with:

- the knowledge and understanding of a variety of relationships;
- the ability to identify any concerns they have about a relationship;
- coping strategies and an awareness of how and where to seek support;
- an understanding of their rights and responsibilities within a range of relationships;
- an awareness of the process of growing up and the changes they and others will experience;
- an understanding of the characteristics of positive relationships.
- an understanding of the Christian understanding of marriage as the context for sexual relationships and the importance of trust, loyalty, fidelity and choice as well as the understanding of abstinence and celibacy as positive life choices.

Statutory Regulations

RELATIONSHIPS AND SEX EDUCATION

APPLIES TO THE WHOLE SCHOOL

From September 2020, all primary schools must deliver Relationships Education. Under the Education Act 2002/Academies Act 2010, all schools must provide a balanced and broadly-based curriculum which:

- promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

Roles and Responsibilities

The Relationships Education programme in our school will be led by our Director of Pastoral and Director of Studies, to cover both the relationships and sex education (academic) aspects.

All staff members involved in teaching and supporting the Relationships Education curriculum will be trained and supported by the DoP and DoS.

Our Relationships Education Curriculum

Our inclusive Relationships curriculum supports the objectives set out by the PSHE Association which meet the statutory requirements for Key Stage 1 and 2. It forms a core part of our comprehensive Personal, Social and Health Education (PSHE) curriculum entitled The Pointer School Way (PSW)

Our Relationships Scheme of Work can be found by noting which lessons are annotated as being part of our RSE curriculum. Learning in Relationships Education lessons will link to learning in Year 5 science as well as PSHE.

A list of the documents containing these lessons can be found below and in the appendix.

- The Pointer School Way
- RSE Curriculum Map
- Year 5 Science

Our lessons will be differentiated where appropriate, ensuring all children are able to participate fully. Children will be given the opportunity throughout the units of work to reflect on and evaluate their learning - assessment opportunities are built in to every lesson.

Delivering the Curriculum

Our PSHE lessons are taught by class teachers who are trained in delivering the specific content of the lessons. Ground rules will be established in class and children reminded of these. Special consideration will be given when teaching particularly sensitive content and staff will be fully aware of the children in their class and how they might relate to the lesson content.

We aim to create and maintain a safe environment within which all children feel able to ask questions and discuss issues openly. For any child wishing to discuss something confidential, relating to the lesson content, an opportunity will be provided.

RELATIONSHIPS AND SEX EDUCATION

APPLIES TO THE WHOLE SCHOOL

Each Y5 class also has a question box, which gives children the option to write down their questions and receive an answer on a one-to-one basis, rather than in front of the whole class. This also means that children are able to discuss fictional characters and scenarios, rather than discuss their own lives and experiences.

Assessment, Monitoring and Reporting

Self-assessment is an important part of learning in Relationships Education and PSHE. Children will reflect on their learning throughout the units. We highly value pupil voice and will take into account the opinions and comments of our children about what they would like to learn.

Staff delivering the Relationships curriculum will critically reflect on their teaching and best practice will be shared through lesson observations, monitoring of planning and children's work and training opportunities.

Comments on children's learning and progress in Relationships Education, as part of their learning in PSHE, will be reported to parents and carers through termly reports and parent evenings

Safeguarding

Teachers are aware that effective RSE, which brings an understanding of what is and what is not appropriate in a relationship, can lead to a disclosure of a child protection issue. In this instance, teachers will consult with the designated safeguarding lead and in her absence, their deputy.

Safeguarding lead Director of Pastoral, Mrs K Greenwood

Safeguarding Deputy Deputy Head, Mrs C Crookes

Visitors and external agencies which support the delivery of Relationships Education will be required to adhere to the school's safeguarding policy and policies relating to the subjects they are teaching or contributing towards.

Parents and carers have the legal right to withdraw their child from all or part of sex education taught as part of statutory Relationships Education, with the exception of the objectives included in National Curriculum science. Those considering this option are asked to speak with the Director of Studies in order to find out more about this.
